February 19 – March 26, 2021

Saturdays 9:00am - 10:30am

Ages 7 – 13

Horse Body Language

Teamwork

Games

Communication

Self-Confidence

Creative Thinking

What is Hands on Horses?

Hands on Horses (HOH) is a non-riding program that is proprietary to Todd Hill Farm and is trademark-pending. HOH builds on the principles of the Equine Assisted Learning (EAL) model where horses and humans become partners in problem solving exercises and games.

Participants learn about equine behavior as they work together in teams. The activities are designed to inspire creativity, communication, teamwork, and strategic thinking for youth ages 7 - 13. Participants work together with the horses as their partners.

This is a 6 week program with each session running 90 minutes. Participants will discover new ways of looking at situations and will be challenged to think outside of the box and consider other points of view, appreciating everyone's unique contribution in a team environment.

This is the perfect program for children with a love of horses who want to get to know them better and build confidence. No horse experience required.

Dawn Josey is a Certified EAL Facilitator and HOH Practitioner. She is the co-found of Hands on Horses. Dawn has been running EAL programs across the Maritimes for 3 years and has a passion for introducing young people to the wonder and joy of horse behavior.

\$250/6 weeks, tax free
